Press Release
EMEA Partner Awards 2026

Didier Nizard, Head of Itecor Paris, recognized as France and Emerging Markets Partner Champion in Tricentis Partner Awards 2026

Paris, France - March 25, 2026 - Itecor, a boutique IT consulting and services company, is pleased to announce that Didier Nizard, Head of Itecor Paris, has been named **France and Emerging Markets Partner Champion** at the **Tricentis Partner Awards 2026**.

The **Tricentis Partner Awards** celebrate the exceptional achievements of the global and regional partners who have played a pivotal role in advancing AI-powered quality engineering solutions and customer excellence. These awards spotlight key competencies from industry specific impact to technology leadership, innovation and exemplary customer advocacy.

"We would like to thank Tricentis for this recognition. It highlights the steady work carried out by our Paris team under Didier's leadership. Their commitment to our clients and their ability to build a strong and constructive partnership with Tricentis make a real difference in our daily work. We appreciate this acknowledgement and remain fully engaged in developing the collaboration even further." **Stéphan Grouitch, CEO of Itecor International**

For more than three decades, Itecor has been supporting clients with robust architectures, effective governance models and reliable digital solutions. Its partnership with Tricentis strengthens this approach by bringing tools and methods that increase automation, reliability and performance throughout the software development lifecycle.

"At Tricentis, we recognize the strength of great partnerships and deeply appreciate the outstanding collaboration our ecosystem has shown over the past year. Together, we've delivered meaningful customer value - accelerating innovation, improving efficiency, and driving real business outcomes," said Peter Szedlacek, VP Alliances, Tricentis. "Our partners are central to our mission of leading the future of software quality in the age of AI. Their expertise and forward-thinking approach are helping shape the next era of intelligent, continuous quality. As we look ahead, we're excited to build on this momentum - expanding our joint innovation, deepening market impact, and unlocking sustainable growth together."

The Tricentis partner ecosystem is powered by the expertise, innovation, and commitment that partners bring to every engagement. Their ability to deliver transformative solutions, elevate quality engineering practices, and drive measurable customer outcomes is what makes the ecosystem a true force multiplier for enterprises. Partners don't just extend Tricentis' reach, they strengthen it by contributing deep knowledge, specialized services, and real world experience to every engagement.
